

Celeste

This oceanfront luxury home is just five minutes south of the town of Puerto Vallarta, on the beautiful white sands of renowned Conchas Chinas Beach, where you can wander and collect "curly shells" and wade in the warm and clear waters of peaceful Banderas Bay. Lush, green jungles cover the hills behind you and provide the backdrop for sensational sunsets over the blue Pacific. Visit the nearby town with all its color and charms, and then spend your afternoon reading on the extra-large sun deck or taking a siesta in the woven hammock under the *palapa* at poolside. The experienced house staff invites you and your guests to sip frosty margaritas at the outdoor bar and dine on a scrumptious Mexican buffet dinner prepared to your specific tastes by your own cook as the sun begins its nightly ritual of descent into yet another Vallartan sunset. Balmy tropical nights and moonlight dips await you in your private crystalline pool. Truly a unique celestial experience!
