

This magnificent beachfront estate commands a most envied location directly on Puerto Vallarta's sunny shores, and may well be regarded "the star" along all of the Gold Coast.

Hand selected Mexican and Latin American antiques furnish 20,000 sq.ft. of sumptuous living rooms, indoor and outdoor dining rooms, patios and terraces, their eclectic combinations providing constant surprise and delight at every turn. The large heated swimming pool and deck overlooking the ocean complement sunning in privacy at the sandy beach cove below, with access to renowned Playa de los Muertos beach.

Each of six air-conditioned suites has refrigerator, coffee maker and telephone. Two elevators connect interior levels and give access to the street. There's even a private gym. A staff of eleven makes it happen, whether you are scheduling a corporate gathering or plan to share it with your extended family. Only early reservations can ensure your party an unforgettable villa stay.

**6 BR**
