

MisRocas

Built into the rocks looking towards famous Los Arcos, this contemporary Moroccan-styled villa boasts a 22-foot vaulted ceiling in the grand salon, a modern, fully equipped gym/workout room, circular dining room, kitchen with sub-zero appliances, and airy terraces surrounding the solar-heated, negative-edged infinity pool. Creating a spacious and casually elegant atmosphere for entertaining or just relaxing, this oceanfront property is ideal for a corporate retreat or a palatial vacation rental home. Custom-cut beveled marble and fossilized shell floors with primavera and native hardwood cabinetry complement furnishings and antiques collected throughout the world. Indoor and outdoor jacuzzis provide soothing settings for long, lazy days and nights, and a private elevator provides easy access to all three floors.

Four air-conditioned bedrooms each have *en suite* baths, and servants quarters are available for a fifth bedroom if needed. The master suite features a recessed TV, sumptuous spa, master bath built for two, and private terrace with ocean view. The junior suite also features a recessed TV and includes a kitchenette.

A full staff includes a cook, maid, and houseman to see to your every need.

4 BR
