

Ventanas

This unique villa, perched on the hillside in prestigious Conchas Chinas, is surrounded by lush, tropical vegetation and spectacular views of Puerto Vallarta and the entire Bay of Banderas, including the natural reserve islands of Los Arcos.

Four inviting suites, each with private terrace, spectacular views and *en suite* bath, provide a combination of intimacy and spacious natural beauty.

The sparkling heated "infinity" swimming pool with an extra-large heated jacuzzi provides a relaxed setting for warm and sunny days with sensational sunsets at evening time over shimmering blue Pacific.

The gourmet kitchen is fully furnished with high-end appliances, and an elegant dining room extends to the main terrace for indoor or outdoor dining ventures. The well-stocked wine cellar complements the culinary possibilities. Your private staff has separate quarters to assure privacy while still caring for your every need.

Easy access to downtown Puerto Vallarta provides adventure and enchantment, with shopping, nightlife and excellent cuisine just a few minutes away, making this villa a matchless place to spend an unforgettable holiday.
